

The Sikkim Manipal Institute of Technology (SMIT) Online Test for 2025 assesses candidates in Physics, Chemistry, Mathematics, and English, based on the standard curriculum of classes 11 and 12 as prescribed by the Central Board of Secondary Education (CBSE). The exam is conducted online, lasting 90 minutes, and comprises 60 multiple-choice questions—15 from each subject. Each correct answer awards 1 mark, with no negative marking for incorrect responses. For detailed syllabi of specific B.Tech programs, candidates are advised to refer to the official SMIT website. Regularly visiting the official website will ensure access to the most current information.
